FEBRUARY 2021

## Class of the Month Spotlight

### 5th Grade

Students in fifth grade have been working hard since returning from break. In math, fifth graders have been multiplying decimals. They have also continued their practice with fractions. We have been reading "The City of Ember" by Jeanne DuPrau in ELA. Students are looking forward to culminating the unit with a creative project such as board games, brochures and museums. We have also been working on informational writing. Fifth graders have enjoyed reading articles and taking notes to create their own papers. In science, students just reviewed the Scientific Method by conducting an experiment using M&M's. Fifth graders have *greatly appreciated* the help of Mrs. Meredith and Mrs. Rossi throughout the year! Finally, our class is looking forward to Valentine's Day next month and the chance to spread kindness throughout our class and school!

### **Counselor Connection**

In the month of February, all students will be focusing on careers during guidance. We will look into all of the different careers that are available and how we would plan to enter that career choice in the future. Seventh and eighth grade will be working on the Career Cruising program through Xello on the computers, and all other grade levels will be participating in fun activities to bring awareness to all of our choices that are available for our futures!

Dear 8<sup>th</sup> Grade Parents,

Each year the Paris School Yearbook asks 8<sup>th</sup> grade parents to send in a picture of their child from when they were a baby. The picture will be put in the yearbook to give parents an opportunity to recognize their child's accomplishments and wish them luck with his/her future endeavors. Your message will be printed exactly the way you write it. Please include your opening and closing to your child. The picture must be an original picture and not a printed picture from a word document because of the resolution needed for the yearbook. Please put your child's name on the back of the picture. Please send pictures by February 26<sup>th</sup>.

If you prefer, you may also e-mail your picture & comment to either [rweidner@paris.k12.wi.us](mailto:rweidner@paris.k12.wi.us) or [awilson@paris.k12.wi.us](mailto:awilson@paris.k12.wi.us). They may be dropped off to either of us. We will scan in the pictures and return them to you as soon as we can.

Thank you,

Mrs. Rossella Weidner & Mrs. Ashton Wilson  
Club Advisors

Please fill this portion out with your comment, child's name, and how you want it signed, along with your child's picture and return it to school in an envelope. (Please print)
