OCTOBER 2023

Class of the Month Spotlight

Kindergarten

We are off to a great start in kindergarten! The kindergarteners have been very busy getting to know each other and learning our routines.

We have been practicing very important kindergarten skills such as handwriting, using school supplies appropriately, writing our names, learning our numbers and counting, and practicing our letters and their sounds. We just started Learning Centers! The students are excited to work on these important kindergarten skills at an even deeper level. Kindergarten is now getting ready for their first Panther Prowl! This is going to be a great school year and they are so excited to be a part of the Paris family!

Counselor Connection

October is National Bullying Prevention Month. We will be spending time learning how to be a good friend to others and celebrating everyone's differences and what makes them unique. We will also start to focus on our thoughts and how they influence our feelings and behavior.

School Counselor
