Where's Parry?

Congratulations to Molly in 3rd grade. She spotted Parry hiding on the gray box by the Computer Lab.

If you spot Parry, fill out a slip and put it in the Raffle Box located outside of the Computer Lab. One lucky winner will receive three Paws!

Class of the Month Spotlight 5th Grade

Our 5th graders have been very busy bees! We had our in-class 5th grade spelling bee in which Matthew, Isla, Jackson, Emily, and Erin won and went onto the school-wide spelling bee. Fifth grade hung in there almost to the end! I'm beyond proud of all of them!

Our Math Meet kiddos (Matthew W., Samantha, Neil, Ellie, and Isla (Alt) did AWESOME at the Math Meet competition against other schools. Fifth grade took 2nd place as a whole group and Matthew took 1st place in individual scores! We also had a Math 24 contest in which Matthew, Erin, and Liam won and will be going on to the Math 24 contest with other schools. Ellie is our alternate.

We've been working hard in Math with learning about exponents, multi-digit multiplication, and multiplication with decimals. In Science, we're studying interactions of living things and ecosystems. In Social Studies, we'll be delving into the building of the first colonies. In ELA, we're learning about the "Wild West."

We're getting ready to ramp up the rainforest literacy unit with our first field trip to the Milwaukee Public Museum. We're WILD about having the opportunity to visit the Rainforest Exhibit at the MPM. We plan on learning lots, as we're so fortunate to get our very own tour inside the large rainforest exhibit!

Counselor Connection

During the month of February, all students will be talking about friendships. We will be looking into what characteristics we are looking for in a friend and what kind of friend we are. We will also look into what makes a good friend and how we can be one.
