MAY/JUNE 2024

Class of the Month Spotlight

8th Grade

Eighth grade has had a very busy spring! In language arts, they have been studying Shakespeare and his comedy, *A Midsummer Night's Dream*. Pre-algebra just finished learning about different ways to represent data graphically and is now moving into exponents and their operations. Algebra has been studying quadratic equations and will soon be preparing for the algebra final. Eighth grade is ending science with a bang! Making balsa wood gliders, testing homemade 'rocket fuel' combinations, & possibly time for a Mars rover will wrap up their PLTW Flight & Space unit. In social studies, the 8th grade has just finished the Great Depression, which is their last full unit at Paris School. They will be learning about WWII until the end of the year. Finally, students are eagerly preparing for the 8th grade banquet and for their grand exit from Paris School...graduation day! Students would like to thank their families and the P.S.O. for donations, participation, and support. Thank you!

Where's Parry?

Apparently Parry found a very good hiding place. Nobody spotted him this month.

Better luck next year!

Counselor Connection

In the month of May, we will be wrapping up our guidance lessons and then finish the year with a movie. Have a great summer!

Ms. Thomas
School Counselor

DO YOU KNOW THIS STAFF PERSON?

1. I have three dogs and one turtle.
